

CORNERSTONE WELLNESS

Promoting community health, strengthening one life at a time.

FEEDING

MEDINA
COUNTY

MEDINA COUNTY FEEDING INITIATIVE

COMMUNITY WELLNESS IS OUR BUSINESS

Thank You

Cornerstone Wellness is a non-profit, ODMH certified agency made up of many social service providers who are committed to making every effort to create a safer and healthier community. Since 1999, Cornerstone Wellness has been working closely with families across Medina County who are facing many challenges to their mental health, safety and wellness. Today we strive to reach across all ages to assist families and individuals who may be struggling to find adequate housing, food, safe schools, or create healthier lives by resolving addictions or ending violence in their homes and communities. All of these efforts are SOLELY funded through generous donations from our supporters. **Our organization welcomes any donation. Your time, talent and resources can come in many forms.** Please consider a donation today to help us sustain what we have started, so we may continue to serve Medina County's most vulnerable community members.

The Medina County Initiative is a project that grew from a Hunger Task Force in an effort to determine the needs of residents in our county. Cornerstone Wellness is dedicated to increasing the amount of food available to needy families.
